NRM Model Numbers

Econofrost 9-Series Cassette

91104	4-ft 9-Series Cassette
91106	6-ft 9-Series Cassette
91108	8-ft 9-Series Cassette

Features

Available in three standard widths: 4 ft, 6 ft, and 8 ft. Standard top-to-bottom fabric length will cover openings up to 76 inches.

Patented braking system ensures smooth, consistent hands-free retraction each and every time.

Perforated woven aluminum fabric with reinforced taped edges provides the greatest energy savings and reflectivity of ambient store heat and light.

Durable all-metal design, slim-line handle and commercial grade magnet fasteners ensures this night cover product lasts for years!

- Save 36% Energy
- Extend Product Shelf Life
- Lowest Cost of Ownership
- Proven Reliability
- Independently Tested
- Fast Return on Investment
- Easily Retrofits to ALL Existing Display Cases

ECONOFROST Night Covers for Open Refrigerated Display Equipment

NRM presents ECONOFROST woven aluminum night covers. Specifically engineered for supermarkets, fresh food retailers, and food service applications, these robust, all-metal night covers help conserve valuable energy and protect perishable merchandise in open refrigerated merchandisers.

Engineered for performance, designed to integrate with store decor, and available in sizes to match any case, Econofrost is an effective, sustainable tool in lowering operating costs, reducing product shrink and discard, and saving money.
